Re: Request to Cancel AM Station License  
WOYL, Oil City, Pennsylvania  
Facility ID # 21420  
Station License BZ-960307AB  
Forever Broadcasting, LLC

Dear Ms. Dortch:

Forever Broadcasting, LLC, the licensee hereby respectfully requests cancellation of AM station license for WOYL, 1340 kHz, Oil City, Pennsylvania. WOYL has been off the air since December 28, 2009 and has been silent under Special Temporary Authority 1800B3-KLJ. The station will not return to the air in the future. A copy of the special temporary authorization is attached for your reference as well as the station license.

Should you have any questions concerning the above, please contact the undersigned. Thank you.

Respectfully submitted,

  
Lynn A. Deppen  
Member

**In re: WOYL(AM), Oil City, PA  
Facility ID No. 21420  
Silent Since December 27, 2009**

**Request For Special Temporary  
Authority To Remain Silent.**

**Dear Ms. Deppen:**

This letter concerns the request, filed on December 28, 2009, on behalf of Forever Broadcasting, LLC ("Forever"), for Special Temporary Authority to permit AM station WOYL to remain silent.

Forever's request states that WOYL(AM) went silent on December 27, 2009, due to failure of the station's transmitter. Forever's request includes the appropriate certification regarding Section 5301 of the Anti-Drug Abuse Act of 1988.<sup>1</sup>

Forever's request will be granted. Accordingly, Special Temporary Authority is granted to permit Station WOYL(AM) to remain silent not to exceed 180 days from the date of this letter. **Notwithstanding the grant of this special temporary authority, the broadcast license for WOYL(AM) will automatically expire as a matter of law if broadcast operations do not commence by 12:01 a.m., December 28, 2010.**<sup>2</sup> See Section 312(g) of the Communications Act, 47 U.S.C. Section 312(g).

<sup>1</sup> In the event extension of Special Temporary Authority is sought, please renew the certification in this manner.

<sup>2</sup> Notification of resumption of broadcast operations must be mailed to:  
Federal Communications Commission  
Attn: 1800B3-DW, Room 2-B450  
445 12<sup>th</sup> Street, S.W.  
Washington, D.C. 20554

The station's silent status does not suspend the licensee's obligation to comply with all other relevant Commission rules, including the filing, when appropriate, of applications for renewal of broadcast license. Finally, we note that it is imperative to the safety of air navigation that any prescribed painting and illumination of the station's tower shall be maintained until removed. See 47 C.F.R. Sections 17.6 and 73.1740(a)(4).

Sincerely,

A handwritten signature in dark ink, appearing to read "H. Taft Snowdon". The signature is fluid and cursive, with the first name "H." and last name "Snowdon" clearly distinguishable.

11. Conditions..... : Licensee shall accept such interference as may be imposed  
by other existing 250 watts Class IV stations in the event they are  
subsequently authorized to increase power to 1 kilowatt.

Subject to the provisions of the Communications Act of 1934, as amended, subsequent Acts, Treaties, and Commission rules made thereunder,  
and further subject to conditions set forth in this license,<sup>1</sup> the LICENSEE is hereby authorized to use and operate the radio transmitting  
apparatus herein described for the purpose of broadcasting for the term ending 3 A.M. Local Time

August 1, 1998

The Commission reserves the right during said license period of terminating this license or making effective any change, or modification of this license which may be necessary to comply with any  
decision of the Commission rendered as a result of any hearing held under the rules of the Commission prior to the commencement of this license period.

The license is issued on the licensee's representation that the statements contained in the licensee's application are true and that the undertakings therein contained so far as they are consistent  
herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve the public interest, convenience, or necessity to the full  
extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term herein nor in any other manner than  
authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934, as amended. This license is subject  
to the right of control by the Government of the United States conferred by section 606 of the Communications Act of 1934, as amended.

**DESCRIPTION OF AND FIELD INTENSITY MEASURED AT MONITORING POINTS:**

**Direction of 10° True North.** From the transmitter proceed northwest, on Orange Street to First Street. Turn right (east) on First Street and proceed to Petroleum Street. Turn left (north) on Petroleum Street proceed to Main Street which is Route 8 and follow Route 8 Bypass for 1.9 kilometers to Union Street. Turn left (north) on Union Street for 0.9 km to a "Y" intersection. Bear right (northeast) and proceed to Complanter Hill Road. Make a sharp right (southeast) and proceed 0.24 km to the monitoring point which is at a double on the west side of the road. The distance to the monitoring point is 4.5 km. The field intensity measured at this point should not exceed 18.1 mV/m.

**Direction of 30° True North.** From the transmitter proceed northeast on Orange Street to First Street. Right (east) on First Street proceed to Petroleum Street. Turn left (north) on Petroleum Street, proceed to Main Street which is Route 8. Turn right (east) on Route 9 Bypass 5.3 kilometers to intersection of Route 227 in Houseville, Turn right (east) on Route 227 and proceed 1.3 km to Moody Run Road. Turn right (east) on Moody Run Road for 0.9 km to the monitoring point which is on the road bank opposite pole L27-12. The field intensity measured at this point should not exceed 3.9 mV/m.

**Direction of 220° True North.** From the transmitter site proceed southwest on Orange Street to Innis Street extended which becomes Pinoak Drive. Proceed south on Pinoak Drive to Route 257. Proceed south on Route 257 2.4 kilometers to County Route 023 Bredinsburg Road. Turn right (west) on Bredinsburg Road and proceed 3.7 km to the monitoring point which is on the south side of the road opposite pole 7169. The field intensity measured at this point should not exceed 11.5 mV/m.
